

PRESS RELEASE

Date: 17 January 2019

Appointment of Non-Executive Director

The Board of Renewi plc ('Renewi') announces the appointment of Neil Hartley to the Board as a Non-Executive Director. He will also become a member of Renewi's Audit, Remuneration and Nomination Committees.

Neil is a Managing Director of First Reserve, a leading global private equity investment firm exclusively focused on energy, which he joined in 2006. Before this he spent six years in Investment Banking with Simmons & Company International, most recently as a Director, where he focused on corporate finance advisory work in the energy sector. Prior to this he was a Management Consultant at McKinsey & Company, Inc. He also spent seven years with Schlumberger, most recently as a Field Service Manager and Field Engineer. Since 2008 he has been a Non-Executive Director of Norwegian company DOF Subsea AS. Between 2016 and 2018 he also held the position of Non-Executive Director of UK utility services company M Group Services Ltd. Neil holds an M.A. from Worcester College, University of Oxford and an M.B.A. from Harvard Business School.

Commenting on Neil's appointment, Renewi Chairman, Colin Matthews CBE, said:

"Neil brings extensive experience as an investor in relevant sectors and geographies and we welcome him to the Board."

There is no further information to be disclosed under paragraph 9.6.13 of the FCA Listing Rules.

About Renewi plc

Renewi is a leading waste-to-product business with over 8,000 employees that gives new life to used materials every day. With our extensive network of 200 sites across Europe and North America we are always close to our customers.

Renewi thinks differently about waste and sees it as an opportunity. The knowledge and experience we have acquired over many years, combined with our broad range of services, enable us to offer sustainable, pragmatic recycling solutions. Through innovation and use of the latest technology, we transform waste into usable materials, such as recycled paper, metal, plastic, glass, wood, construction materials, compost and energy. In this way we turn the waste of today into the raw materials of tomorrow.

Our work results in less waste and pollution, smarter (re)use of scarce raw materials and lower CO₂ emissions. We are therefore contributing to a cleaner, circular world in which waste no longer exists.

Renewi was created in 2017 following the merger of Shanks Group plc with Van Gansewinkel Groep BV and is listed on the London Stock Exchange. Please visit our website for more information: www.renewiplc.com. Images are available at www.renewiplc.com/imagegallery.
