If your waste does not meet these conditions, please consult the conditions for acceptance below:

TERMS AND CONDITIONS

In the event of non-conformity, the collector reserves the right to refuse the waste cargo and / or to charge additional costs resulting from collection and processing. The “prohibited” list is not exhaustive and only serves to clarify some non-compliant streams that require special attention in the context of this waste category.

These agreements regarding non-conformity and the acceptance conditions are also always stated in the general terms and conditions of sale added to our price offers.
