

waste no more

Municipal Environment

We are a leading provider of sustainable waste-to-product solutions for our customers. Our waste treatment facilities form part of long-term contracts between Renewi and the associated Councils across the UK. These contracts are established primarily to divert waste away from landfill and support recycling in a cost-effective and sustainable way.

Our Commitment

The Municipal Management Team recognise that our activities impact on the environment. Sustainability is one of our core values and we are proud of our contribution to the circular economy. We are committed to continuous improvement in environmental sustainability and to minimise any negative impact on the environment.

Achieving our Commitment

We will create and improve a strong and sustainable environmental culture across our division by;

- 🕒 Complying with all applicable legislation, regulation, standards and protocols.
- 🕒 Continually evaluating environmental risks and opportunities, applying necessary controls to improve environmental performance.
- 🕒 Engaging and listening to our communities, customers and employees to meet compliance obligations with consideration of the needs and expectations of our interested parties, and limiting our impact on them from our activities.
- 🕒 Taking positive steps to conserve resources, particularly those which are scarce or non-renewable.
- 🕒 To be committed to continuous improvement through the planning, design and delivery of our activities considering Life Cycle Analysis, energy performance and the prevention of pollution.
- 🕒 Investigating any relevant environmental incidents to correct, mitigate and prevent reoccurrence.
- 🕒 Providing appropriate training, information and instruction to foster a responsible and competent environmental culture.
- 🕒 Ensuring our employees are aware of their responsibilities for delivering our environmental objectives.

Our Objectives

We will continually monitor and improve our environmental performance across all of our activities by;

- 🕒 Driving an improved safety culture - our goal is zero significant environmental incidents.
- 🕒 Increasing action – our goal is a close out rate of >85% and 100% for actions resulting from all significant environmental incidents and significant audit findings.
- 🕒 Maximising diversion from landfill and to increase recycling given our contractual constraints.

Responsibilities

The Municipal Management Team are responsible for leading the culture of continuous improvement in our environmental performance and sustainability. The SHEQ Director is responsible for promoting compliance and adherence with this policy.

Managing Director: James Priestley

SHEQ Director: Lorna Stork

POLICY

Our Policy is publically available on the company website to be accessible to all of our employees and interested parties. This policy will remain under review to ensure its continuing relevance to the context of the organisation and undergo a formal annual review.
